Laura --- I have to laugh. You responded to the request for the Procurement Unit Leader and I didn't read the body of your email until now. Yes, we would like for Joni to check-in to the ICP at 0700 on Sunday, September 6th and demob on Sunday, September 13th.

Greg,

I don't know if you were the one on this morning's call asking about an OSC to lead the Mitigation Unit. If not, please pass this on. I have an OSC (Joni Sandoval) who is available to report on Sunday but she can only stay one week. Joni has previously been involved with the mitigation work at the Gold King Mine so should get up to speed quickly. Please let me know if that will fill the need short-term and I will have her make arrangements to deploy.
